

Matsu Valley Rebuild is raising money to buy a permanent home!

MVR is a non-profit used and surplus building materials store in Wasilla. We work to save useful building supplies from the landfill and make them available to the general public.

MVR aims to change our waste stream. Right now we save people money in dump fees and building materials costs but we will work to create jobs and provide job training, we will educate and inspire people to make a more sustainable Mat-Su Valley for the future.

We opened our doors in March of 2019 and have seen constant growth and continued excitement from community members ever since. But, we have outgrown our home and need more space. A bigger space will allow us to accommodate a growing inventory and to evolve with different services; including a pick-up service, a deconstruction crew, workshops, fix-it clinics, a tool library and a bicycle department. Our target location is in the core of the Valley; between Palmer and Wasilla.

Please help us continue to support and strengthen our community by making a contribution towards our new home. All donations are tax-deductible.

*The best ways to donate are in person at the store Wed-Sat 11-5 or by mailing a check to the address below. Thank you for your support!
